PROFESSIONAL EXPERIENCE

Sustainability and Safeguard Compliance Limited (SSCL)

Dec 2025 - Present

Social and Sustainability Associate

External Monitoring Agency for the Unique Meghnaghat Power Limited (UMPL) project — a \$600M power infrastructure transaction co-financed by Asian Development Bank (AIIB), DEG, the OPEC Fund and Standard Chartered.

- Monitored Resettlement Action Plan (RAP) implementation and compensation commitments against AIIB's Environmental and Social Policy and the IFC Performance Standards, tracking livelihood-restoration outcomes across project-affected households.
- Conducted field visits across project-affected areas, interviewing Project-Affected Persons, community representatives and local authorities; designed and delivered primary social surveys on livelihood, resettlement and well-being outcomes.
- Identified E&S compliance gaps requiring corrective action and translated field findings into inputs for lender reporting.
- Co-authored external monitoring reports for international lenders, ensuring vulnerable groups were systematically captured in consultation and analysis.

International Food Policy Research Institute (IFPRI)

May 2025 - August 2025

Research Intern (Remote)

- Conducted applied econometric analysis on food price shocks and women's economic empowerment in rural Bangladesh, forming the empirical basis of a merit-awarded LSE dissertation.
- Managed three rounds of nationally representative household panel data (BIHS) in Stata — end-to-end cleaning, variable construction and econometric estimation.
- Translated technical findings into policy-relevant insight under the guidance of Dr. Mehrab Bakhtiar.

Policy Exchange Bangladesh

Nov 2023 - August 2024

Research Associate

- Co-led the SheSTEM initiative funded by the Embassy of the Kingdom of the Netherlands on women's participation in STEM, coordinating multi-stakeholder collaboration across 5 partner organisations and shaping programme strategy.
- Co-authored and edited client-ready policy reports and briefs across trade, investment, gender, education and green growth, delivering against institutional quality standards.
- Applied mixed-methods research, quantitative analysis, literature synthesis and qualitative interviews, to produce actionable recommendations on inclusive growth.

BRAC Microfinance

August 2023 - Nov 2023

Research Intern (Digital Transformation Unit)

- Led structured client interviews across urban and rural Bangladesh to diagnose barriers to digital financial inclusion for one of the world's largest microfinance institutions.
- Synthesised primary survey data into strategic recommendations on customer engagement and digital service delivery.

EDUCATION

London School of Economics and Political Science

London, UK
